Keneuova Nagima
frontend developer

https://my-portfolio-snowy-phi.vercel.app/

I From Kazahstan, Almaty. Back in 2005, I graduated from the university with a degree in economics. After some time, I realized that I love to embody the beautiful and technical, so I came to programming, namely to front-end development.This is where you can create amazing apps and websites and even games, which is what I do and constantly improve my skills!
